Personal Essay

There are many components that make up a college application and the essay is an important element. A college essay is a chance to tell your story in ways that your resume or test scores can't. This is an opportunity to really go deep. **What's your story? What are you passionate about? How have your experiences shaped you into who you are today? Who do you want to become in college and beyond?** An effective college essay will answer these questions and help the person reading it get to know you on a more personal level.

Every student's essay will be different - that's the point! Your essay should be unique to YOU. While there's no such thing as a "perfect" college essay, there are [a few things you can do](#) to make sure yours is as well-written, honest, and authentic as possible.

Choose a prompt that interests you.

Be sure to respond specifically to the prompts. Choose a prompt that will help you tell your story in the best and most effective way. No matter what prompt you choose, make sure you fully respond to the prompt in your essay. Here's a [list of common topics](#).

Follow a 5-paragraph essay structure.

Make an [outline for your essay](#) and be sure to include an introduction that states the main topic or theme of your essay, three body paragraphs to explore and break down the topic or theme, and a conclusion paragraph that summarizes what you just wrote about and shares your hopes for the future.

Have someone review your essay.

Before you submit your essay, be sure to have someone else proofread it for you. They can check spelling and grammar, give feedback on how well your essay answered the prompt, help you strengthen the main theme of your essay and more. We're here to help! [Submit your essay to us](#) for a free professional review. We'll send you actionable feedback within a week.

Know and avoid the myths of college application essays.

Your college essay doesn't need to be a masterpiece, you don't need an incredible life story to write an interesting essay, and you don't need to share everything you've ever accomplished in your essay. Learn why these [common college essay myths](#) are just myths.

We'll review your essay for **FREE!**

Over 31 Years of "Fulfilling Dreams by Investing in the Future"

The Ysleta Education Foundation (YEF) is a 501(c)(3) nonprofit organization that was established in 1992 to provide financial assistance to students in the Ysleta Independent School District (YISD). YEF is governed by a Board of Directors consisting of community members and the YISD Superintendent, who serves as an ex-officio member.

YEF has been fulfilling students' dreams by providing scholarships to graduating students for over **31** years. With the support of YISD's Employee Pledge Drive and sponsorships/donations from community organizations, YEF has awarded over **2,000** scholarships totaling more than **\$4.7 million** to well-deserving students. These students represent a broad spectrum of excellence in academics, leadership, and community service, as well as attending and graduating from colleges and universities across the United States.

Funds can only be used for tuition, books, housing, and related expenses. Awards are made on a one-time, non-renewable basis without regard to race, creed, color, sex, religion, or national origin.
