

Mr. Zavala's art classes

Ramona 5<sup>th</sup> & 6<sup>th</sup> grade supply list

I do recommend 5th & 6th grade art students have a small list of their own personal art supplies and art materials. I provided a list of recommended Art supplies and Materials for 5th & 6th grade art students. These can be purchased at several stores or on-line. Hobby Lobby , Michael's & the Art Store are local stores to purchase art supplies; with the Art Center being the most expensive. DICKBLICK.COM is an on-line art store that sells art supplies relatively Inexpensive

These materials & supplies are ideal and can be found at Hobby Lobby locally. Most stores currently have a 25%-40% off on art supplies.\*\* The first 2 supplies should be of a priority. It isn't necessary to purchase the exact brand & you may choose to go with a higher quality; of course the price will increase.
