PLEASE NOTE:

Our solution is designed for and guaranteed to work with HP black and white laser jet printers meeting the minimum requirements. For non-check forms we will make every effort to print to other networked printers that meet the technical requirements outlined above. While we routinely and successfully print other forms to many brands of laser printers, if we are unable to print to a printer on your site, you will be required to provide an alternate printer.

We do not program for tray calls or support tray calls. Printing from specific trays can and should be managed and controlled by clients at the printer level.
