### **DRIVER'S LICENSE VERIFICATION OF ENROLLMENT AND ATTENDANCE - (VOE)**

Texas law requires a student seeking a driver's license to submit a completed Verification of Enrollment and Attendance Form (VOE) to the Texas Department of Public Safety. The VOE form is available at: <https://www.tdlr.texas.gov/driver/forms/VOE.pdf>. To obtain the school's verification, the student must submit the form, signed by the parent, to the campus office at least 10 days before it is needed. The school will issue a VOE only if the student meets class credit or attendance requirements. After obtaining the completed form, a student will be allowed an excused absence upon providing verification that the student attended an appointment for obtaining a learner license or a driver's license. Further information may be found on the Texas Department of Public Safety website: <https://www.dps.texas.gov/section/driver-license>.
