### Library Services-Mr. Jáquez:

Are you struggling with anxiety? According to research, self-help books really are helpful. It's called bibliotherapy, and a study published in the journal [PLOS ONE](#) showed that reading self-help books was associated with decreased depression levels after one year. Reading non-fiction, such as self-help books, is great reading! Search our [Tejas Broncos Library Catalog](#) to find any of our books/ebooks on this or any other subject.
