<b>T-STEM Mechatronics Engineering Academy</b>	<p><b>Work hands-on and learn about the engineering design process.</b> Our academy provides students with the opportunity to investigate career choices in the fields of computer science as well as mechanical, electrical, electronics, and software engineering. Through experiences within the academy, students gain the knowledge and skills necessary to pursue a post-secondary degree in these fields. In addition, students will earn at least 15 hours of college credit as well as industry certifications that will equip them to be successful upon graduation.</p> <p><b>Earn a degree – tuition FREE!</b> Students will earn their college associate’s degree while in high school. Save on 2 years of college tuition while enjoying a traditional high school experience including athletics, fine arts, academic teams and other extracurricular activities. Only state designated early college students are eligible for the UTEP Accelerated Student Scholarship Program.</p>		<ul style="list-style-type: none"> <li>● Internships</li> <li>● Student certifications</li> <li>● Dual &amp; articulation credit</li> <li>● Extracurricular activities</li> <li>● Associates of Arts/Science</li> </ul>
