## Our Pathways

---

### Engineering Pathway:

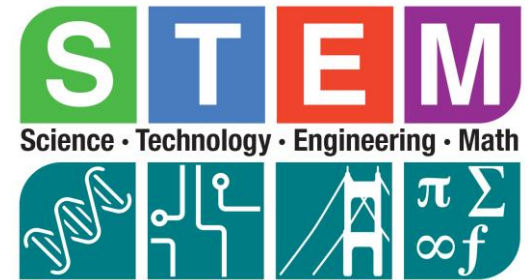

Introduction Engineering and Design,  
Computer Science Principles,  
Engineering Science, and Engineering  
Design and Problem Solving

### Computer Science Pathway:

Principle of Applied Engineering,  
Computer Science Principles,  
Cybersecurity, and Practicum in STEM

### Drones, Robotics Pathway:

Introduction to Engineering and  
Design, Robotics I Drones, AC/DC  
Electronics, and Scientific Research and  
Design

"[Science] is more than a school subject, or the periodic table, or the properties of waves. It is an approach to the world, a critical way to understand and explore and engage with the world, and then have the capacity to change that world..." — President Barack Obama, March 23, 2015

## Benefits

- Hands on courses
- Dual credit (59 hours) and 12 advanced placement courses offered
- Career exploration—including field trips and speakers
- Internships and job shadowing (11<sup>th</sup> and 12<sup>th</sup>)
- Leadership development
- Participation in national competitions and projects

## Mission Statement

The mission of the STEM Academy is to prepare our students for a 21st century education through an engineering, math, science, and computer science curriculum. Our students have the choice to choose from one of three pathways so that they graduate with a STEM endorsement.

## Application Process

Please mail application to:

Mr. Ysidro De La O

950 Bordeaux

El Paso, Texas 79907
