

The District eSports Permission Slip

I hereby give permission for my child to participate in the (campus) eSports program. This means my child may play within the club at my school or as part of the eSports team (if applicable).

I understand that the objective of the eSports program is to provide new opportunities for my child to exhibit their talent or gain social emotional learning skills while playing age appropriate games before or after school.

I understand that some games may have depictions of non-realistic violence, such as cartoon fighting games. Games that depict realistic violence are **not** allowed to be purchased or played by The District. All games will be played under the supervision of a campus eSports coach to ensure safety and security of all students.

For my child to participate in The District eSports, they must:

- Have passing grades in all classes at all times
 - Passing is defined as 70% or above
- Have good attendance and no behavioral issues
 - (Campus can determine percentage of attendance or number of tardies allowed)
- Abide by the rules of the Code of Conduct

Student Name: _____

Student ID: _____

Grade Level: _____

Social Media and Photo Release

As part of the program, pictures and/or video recordings will be common during practice or competition. The District would like to use these pictures or videos as part of the district's website or social media platforms. Additionally, online streaming of matches may be available. Your consent on this section allows your student to participate in a safe streaming environment that may positively impact your student's future.

Yes, I allow my child to be photographed and/or videotaped as well as participate in streaming.

No, I **do not** allow my child to be photographed and/or videotaped and I **do not** allow my child to participate in streaming.
