

YSLETA INDEPENDENT SCHOOL DISTRICT School Health Advisory Council

Campus Procedure for HIV Prevention Awareness Program

Pursuant to Texas mandate, the Ysleta ISD School Health Advisory Council (SHAC) and the Board of Trustees have reviewed the *HIV Prevention* program. After careful review, the SHAC respectfully recommends the following:

1. Strongly encourage parental participation and offer parents the opportunity to view the materials.
2. This program is to be taught during regular school hours to grades 9-12.
3. Require Campus Administrators to be familiar with the content before being shown to students.
4. The campus counselor and/or the health teacher will be the contact person(s) for the *HIV Prevention* program.
5. Ensure the collection of the District parent permission forms. Provide an alternative location for students not participating.
6. El Paso City Health Department personnel coordinate the presentation of this program.

For more information or to schedule a presentation, contact Elias Gonzalez, M-Factor Coordinator, City Health Department, 915-212-0242 ofc, or 915-487-3288 cell.
